Where can I use the card?

mySourceCard®, your MasterCard® debit card, gives you hassle-free reimbursement for goods and services at qualified locations, such as:

- Hospitals
- Physician Offices
- Dental Offices
- Vision Service Locations
- Pharmacies
- Daycare Facilities

How do I use the card?

Simply present the mySourceCard® as payment for qualified goods and services. Qualified purchases will be paid directly from your reimbursement account.

How is this card different?

For the most part, your card works just like any other debit card, except for three important differences:

1. It is limited to specific merchants and eligible expenses, which are determined by the benefit account you have selected.
2. You can't use it at an ATM or for "cash back" when making a purchase.
3. There is no PIN. When given the option between debit and credit, choose credit.

What's an eligible expense?

Depending on the benefits plan you have selected from your employer, it can include anything from hospital stays and doctor visits to prescription drugs, eyeglasses, and daycare services.

What's an ineligible expense?

Anything that's not listed in your benefit plan documents. It's important to note that you are responsible for how you use the card. If you are not sure if something is eligible, check with your administrator.

What if there's not enough money in my account?

A split tender transaction will occur, the difference would be paid out-of-pocket..

What if my doctor or daycare provider doesn't accept MasterCard®?

You'll need to pay with cash or check and submit a receipt to your plan administrator for reimbursement.

Important things to remember when using the mySourceCard®:

- Keep all your receipts. Your plan administrator may request them to verify expense eligibility.
- You can only use the card at authorized merchants.
- You can only use the card up to the amount available in your account. Any charge above this amount will cause the entire transaction to be denied.
- You have 24/7 access to account information at www.myRSC.com.
